

IEEE Volunteers & Members Concur Travel Quick Start Guide

Getting Started: Access IEEE Concur Expense & Travel (Known as: NextGen Expense Reimbursement (Concur) & Travel)

The NextGen Expense Reimbursement (Concur) & Travel tool uses a single sign-on process for logging in through ieee.org/expense, not concur.com. All users will need an IEEE account (IEEE username and password), as well as an Expense Reimbursement (Concur) account to access the platform.

If you do not already have an IEEE account or an Expense Reimbursement account, please visit [IEEE's NextGen Expense Reimbursement \(Concur\) & Travel](#) information page to learn how to create the accounts.

Please Note: When completing the NextGen Expense Reimbursement Concur User Registration Form (Step 2), please be sure to indicate your preference to have access to Concur Travel. Within 24-36 hours of your request, you will receive an email with login instructions.

Review and Complete Profile Settings

Before you use Concur Travel for the first time, you will need to create or update, and then save, your Travel profile. Even if no changes are needed for an existing travel profile, you must open and save your profile before you can book a trip in Concur Travel. To access your Concur Travel Profile information:

1. Select Profile and then Profile Settings in the upper right-hand corner of the Concur home screen.

2. On the Profile Options page, select the appropriate Travel Settings links on the left side of the page. Update the appropriate information and click Save.

Note: Complete all required fields including your legal name on your travel document (Driver’s License or Passport), date of birth and gender before saving your profile.

- Once your profile information is entered and saved, it will be electronically routed to IEEE’s corporate travel agency of record, World Travel, Inc. You are now ready to begin your flight search.
